Incidentally it may be mentioned that the 26-Bartholomew Donovan shouting, which hasn't tairly begun, won't 27-James Owen. be over for weeks.

Not only are Democratic New Yorkers rejoicing over the tremendous tidal wave that 24-William H. Schoot. swept over the country yesterday, but they are hugging themselves with delight over the big majorities that the City, County; Assembly and Congressional tickets received.

Even Republicans freely admit to-day that not yet complete. Mr. Richard Croker knew pretty near what he was talking about when he said Mr. Cleveland would have 75,000 majority in the city and that the State would experience a Democratic cyclone.

Cleveland's Plurality in the City.

Mr. Cleveland's plurality in New York City and county was 78,947, or 3,086 more than 27th that of Mayor-Elect Thomas F. Gilroy-a fitting reply to the men who predicted that Tammany would knife the National ticket in order to help the local candidates.

No Knifing on the Democratic Side. The result shows conclusively that there

was no knifing nor any need of " boosting." It was a perfect tornado, impelled by the will of the people, that irresistibly lifted nearly every Democratic candidate in the cits into the office for which he was running. and which, at the same time, blew Republican hopes and rainbows into smithercens.

Why the Tigers Smile.

This is why the Tammany tigers smile today and smack their chops in so self-satisfied a manner. They have eaten the Republican canaries

and hardly a feather is left in sight. This is the result of Tammany's sweeping victory yesterday, briefly summarized:

This Is the Result.
